

### Patients who have Major Depression Disorder who are Assessed for Suicide Risks

*This measure is to be reported at **each visit** during an episode of major depressive disorder during the reporting period for all patients aged 18 years and older.*

#### Measure description

Percentage of patients aged 18 years and older with a new diagnosis or recurrent episode of major depressive disorder (MDD) who had a suicide risk assessment completed at each visit during the measurement period

#### What will you need to report for each visit for patients with major depressive disorder for this measure?

If you select this measure for reporting, at each visit, you will report:

- Whether or not the patient is undergoing active treatment for a new diagnosis or recurrent episode of major depressive disorder OR,
- Whether or not the patient is in remission (ie, not undergoing active treatment for MDD)

If patient is undergoing active treatment for an episode of Major Depressive Disorder, you will then need to report:

- Whether or not you assessed for suicide risk at each visit

#### What if this process or outcome of care is not appropriate for your patient?

Some measures provide an opportunity for the physician or non-physician provider to document when a process or outcome of care is not appropriate for a given patient (also called performance exclusions). Because this measure is applicable to most if not all patients, there are no allowable performance exclusions.

# Major Depressive Disorder (MDD)

## Patients who have Major Depression Disorder who are Assessed for Suicide Risks

### PQRI Data Collection Sheet

Patient's Name	Practice Medical Record Number (MRN)	Birth Date (mm/dd/yyyy) / /	Gender <input type="checkbox"/> Male <input type="checkbox"/> Female
National Provider Identifier (NPI)		Date of Service	

#### Clinical Information

#### Billing Information

Step 1 Is patient eligible for this measure?			
	Yes	No	Code Required on Claim Form
Patient is aged 18 years and older.	<input type="checkbox"/>	<input type="checkbox"/>	Verify date of birth on claim form.
Patient has a new diagnosis or recurrent episode of major depressive disorder.	<input type="checkbox"/>	<input type="checkbox"/>	Refer to coding specifications document for list of applicable codes.
There is a CPT E/M Service Code for this visit.	<input type="checkbox"/>	<input type="checkbox"/>	
If <b>No</b> is checked for any of the above, STOP. Do not report a CPT category II code.			
Step 2 Does patient also have the other requirements for this measure?			
	Yes	No	Code to be Reported on Line 24D of Paper Claim Form (or Service Line 24 of Electronic Claim Form)
Is patient undergoing active treatment for a new diagnosis or recurrent episode of Major Depressive Disorder?	<input type="checkbox"/>	<input type="checkbox"/>	If <b>No</b> (ie, patient is in remission), report only 3092F and STOP. If <b>Yes</b> , report 3093F and proceed to Step 3.
Step 3 Does patient meet the measure?			
Suicide Risk	Yes	No	Code to be Reported on Line 24D of Paper Claim Form, if Yes (or Service Line 24 of Electronic Claim Form)
Assessed	<input type="checkbox"/>	<input type="checkbox"/>	3085F
			If <b>No</b> is checked for the above, report 3085F-8P (Suicide risk not assessed, reason not otherwise specified.)

### Coding Specifications

Codes required to document patient has major depressive disorder and a visit occurred:

An ICD-9 diagnosis code for major depressive disorder and a CPT E/M service code are required to identify patients to be included in this measure.

#### Major depressive disorder ICD-9 diagnosis codes

- 296.20, 296.21, 296.22, 296.23, 296.24 (major depressive disorder, single episode),
- 296.30, 296.31, 296.32, 296.33, 296.34 (major depressive disorder, recurrent episode)

AND

#### CPT E/M service codes

- 90801 (psychiatric diagnostic interview examination),
- 90802 (interactive psychiatric diagnostic interview examination),
- 90804, 90805, 90806, 90807, 90808, 90809, 90810, 90811, 90812, 90813, 90814, 90815 (individual psychotherapy),
- 90845 (psychoanalysis),
- 90862 (pharmacologic management [with no more than minimal psychotherapy]),
- 99201, 99202, 99203, 99204, 99205 (office — new patient),
- 99212, 99213, 99214, 99215 (office — established patient),
- 99241, 99242, 99243, 99244, 99245 (outpatient consult)

Quality codes for this measure (at least one of the following for every eligible patient):

#### CPT II Code descriptors

(Data Collection sheet should be used to determine appropriate combination of codes.)

- **CPT II 3093F:** Documentation of new diagnosis of initial or recurrent episode of major depressive disorder
- **CPT II 3092F:** Major depressive disorder, in remission
- **CPT II 3085F:** Suicide risk assessed
- **CPT II 3085F-8P:** Suicide risk not assessed, reason not otherwise specified

Physician Performance Measures (Measures) and related data specifications, developed by the Physician Consortium for Performance Improvement® (the Consortium), are intended to facilitate quality improvement activities by physicians.

These Measures are intended to assist physicians in enhancing quality of care. Measures are designed for use by any physician who manages the care of a patient for a specific condition or for prevention. These performance Measures are not clinical guidelines and do not establish a standard of medical care. The Consortium has not tested its Measures for all potential applications. The Consortium encourages the testing and evaluation of its Measures.

Measures are subject to review and may be revised or rescinded at any time by the Consortium. The Measures may not be altered without the prior written approval of the Consortium. Measures developed by the Consortium, while copyrighted, can be reproduced and distributed, without modification, for noncommercial purposes, e.g., use by health care providers in connection with their practices. Commercial use is defined as the sale, license, or distribution of the Measures for commercial gain, or incorporation of the Measures into a product or service that is sold, licensed or distributed for commercial gain. Commercial uses of the Measures require a license agreement between the user and American Medical Association, on behalf of the Consortium. Neither the Consortium nor its members shall be responsible for any use of these Measures.

THE MEASURES ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND
