

2010 A. B. Baker Section of Neurologic Educators Teacher Recognition Award

The A. B. Baker Section of Neurologic Educators believes that excellent teachers deserve recognition for their contributions to improving neurology now and in the future. Teaching binds students, residents, faculty, other clinicians, researchers, and even patients, together and helps make our daily work more meaningful. To demonstrate respect and appreciation for neurological teaching, we encourage all members to consider making a nomination for a Teacher Recognition Award.

Recipients will receive a certificate from the Academy, as well as formal recognition at the Education Colloquium at the next Annual Meeting, listing on the A. B. Baker Section web page, and by other means, if possible. The A. B. Baker Section and the Academy will not judge the excellence of the nominated teachers, but will rely on the nominating statement and the local award or commendation, as listed below.

Thank you.
