Axon Registry Participant Update

The Axon Registry® PARTICIPANT UPDATE is a monthly email that informs users about Axon Registry related efforts.

ANNOUNCEMENTS

Milestones Reached!
The Axon Registry has now exceeded 3 million patient encounters and over 1 million patients. We appreciate everyone's contribution towards our incredible growth.

Manual MIPS Reporting
We have passed the December 1 deadline of completing mapping calls to be able to submit data for MIPS reporting year 2017. If you were not able to meet the deadline, contact registry@aan.com for alternative submission method options.

2018 Membership Renewal
Renew your AAN membership for continued registry access! As we come to the end of 2017, please remind your providers to renew their AAN membership for 2018 to continue their participation in the registry.

New and Improved AAN Website
We've redesigned AAN.com to better serve you. The Axon Registry webpages have expanded to cover more content that pertains to measures, EMR integration, quality improvement, and research. You can check out the changes by starting on the Axon Registry landing page.

REGULATORY

MACRA/QPP Information

- **Read the AAN's summary** of the 2018 final MACRA rule here. If you have recommendations for resources that you would like to see for MACRA please email macra@aan.com.
- If you haven't done so already, check your NPI number on the Quality Payment Program website to determine if you are eligible for MIPS submission in 2017.
- If you have detailed questions about the Quality Payment Program and how it will impact your practice, we recommend contacting the QPP Service Center at (866) 288-8292 or
MEASURES

2017 Measure Accomplishments

- The AAN released two new quality measurement sets to improve the care of patients with essential tremor, and those receiving care in the inpatient and emergency settings.
- The AAN updated measurement sets for dementia management and stroke and stroke rehabilitation.
- The measurement sets on multiple sclerosis and muscular dystrophy were reaffirmed.

FOCUS ON QUALITY

- Quality improvement (QI) tools currently available can be found on our website.
- A Registry Committee work group is creating QI tools around the falls measures in the registry. If you have thoughts about what tools should be included, contact registry@aan.com.
