*EVENTS*

5th International Conference on Neurology & Epidemiology (ICNE) at the Gold Coast, Australia from November 18th to 20th, 2015.

*Abstract submission deadline: 30 June 2015

*OPPORTUNITIES*

US-Zambian Research team seeks clinician researcher for post-doctoral fellowship in Lusaka, Zambia. Preferred minimum 1-year commitment. Must have medical degree. Post-graduate training in neurology and/or pediatrics desirable. Additional expertise in epidemiology or laboratory sciences a plus. Prior experience living/working outside of the US would be ideal. Full role will include activities in medical education and clinical care.

If interested, please send letter of interest and CV to gretchen_birbeck@urmc.rochester.edu
