https://www.aan.com/conferences/2016-annual-meeting/submit-your-abstract/

Abstract submission deadline: October 26, 2015

OPPORTUNITIES

NIH - Planning for Regional Centers of Research Excellence in Noncommunicable Diseases in Low- and Middle-Income Countries (P20)

The goal of this Funding Opportunity Announcement is to facilitate the planning, designing, and initial research focus of Regional Centers of Research Excellence for noncommunicable disease, including cancer, in low- and middle-income countries. Activities in this Funding Opportunity Announcement will be implemented through collaborative partnerships between investigators from institutions in high-income countries or upper-to-middle-income countries and investigators, research administrators, and other stakeholders from low- and middle-income countries.

Application deadline: December 10, 2015

**Fogarty Emerging Global Leader Award**

The Fogarty Emerging Global Leader Award aims to provide research support and protected time to a research scientist from a low- and middle-income countries who holds an academic junior faculty position or research scientist appointment at and low- and middle-income countries academic or research institution. Low-income, lower-middle-income and upper-middle-income countries are included.

Applications are invited from low- and middle-income countries research scientists from any health-related discipline who propose both critically needed career development activities and a research project that is highly relevant to the health priorities of their country.

The Fogarty Emerging Global Leader Award program is a new program and there are not yet any awards. You may review awards through International Research Scientist Development Award, Fogarty’s related career development program for US scientists.

Application deadline: December 16, 2015
