Axon Registry Participant Update

The Axon Registry® PARTICIPANT UPDATE is a monthly email that informs users about Axon Registry related efforts.

ANNOUNCEMENTS

› The registry has surpassed 2 million patient visits.

REGULATORY

Axon Registry Data Validation

› About ten practices will work with the data validation vendor to confirm the data stored in the Axon Registry matches what is in the practice EHR. Selected practices will be contacted in July, with a kick-off meeting occurring later in July to review the project details. Practices will be engaged in a series of virtual site visits, i.e. web-based meetings, that will take place during the summer.

› We are excited to have registry practices collaborate with our data validation vendor. Together, registry participants and the AAN will provide a high-quality and valuable resource for neurology. We look forward to your contribution when your practice is contacted.

Transitioning to MACRA

› CMS has created a resource for practices with 15 or fewer clinicians to receive free support and consulting services about how to report on MIPS. You can find contact information for the consulting service in your area on this web page.

MIPS 2017 Reporting

If you are planning to use the Axon Registry to submit for MIPS 2017 in March of 2018, please note the deadlines below.

› September 1, 2017: Push sites have sent data to the registry
› October 1, 2017: Push sites have completed gap analysis
› December 1, 2017: Practice must have completed mapping calls
MEASURES

Be a Part of the Measure Development Process

› Stay up to date with quality measure projects in 2017 by visiting our quality measures website.
› PCPI Foundation and the Wright Center for Graduate Medical Education published a Closing the Referral Loop (CRL) Tool Kit. The CRL Tool Kit is available for free after users provide their contact information. The CRL measure is Axon 19 in the Axon Registry.

STATISTICS

Registry Statistics

› 147 practices
› 1071 registered* providers
› 662 integrated* providers
› 730,000 total patients
› 2,005,000 total visits
› 33 EHRs Currently Integrated**

*Registered providers are working with the Axon Registry and may not yet have practice data in the registry. Integrated providers have practice data in the Axon Registry.

**For more information about how EHRs are being integrated with the registry please visit our EHR compatibility document located on the website.

EVENTS

Axon Registry User Group

› An Axon Registry User Group webinar is held the third Tuesday of every month at 1:00 p.m. CT. A webinar invite is sent the week prior. Email the Axon Registry if you are an Axon Registry participant and would like to receive an invite for the webinar.
› For previous recordings about the Dashboard, Data Privacy and Security, PQRS, Practice Experiences, and Meaningful Use, please go to our Axon Registry Participants web page on the AAN website.
› June 20, 2017: Headache Measures (Recording)
› July 18, 2017: Meeting cancelled, will resume on August 15th
